WHAT IS DONE WITH LOVE, IS DONE WELL

-PABLO PICASSO-

THE SOUL OF XAPRON

Xapron produces and sells handmade leather aprons with an authentic look. Baristas, (amateur) chefs, craftsmen, barbers, and BBQ enthusiasts; all share our passion for craft and workmanship. Founder Peter Vrins combined his sense of retail fashion style and experience in the (international) textile and fashion industry with the local craftsmanship and heritage of tanneries near his native city Waalwijk. As a brand name for his line of supple leather aprons, Peter came up with the name Xapron because of his love for artisanal, handmade leather products. He, therefore, added an X(kiss) to the word Apron.

SHARE OUR PASSION

At Xapron we all have one passion; Authentic craftsmanship, quality and good life. Over the years we have been able to share this passion with our customers, followers, colleagues & friends. From well-known grill masters, foodies, BBQ experts, Michelin star chefs, baristas, beer brewers, hair stylists, hobby chefs and many others with a taste for the good life and an eye for detail.

Become part of this happy family. Register for our newsletter via our website or follow us on our social media platforms.

Maintain & Care

You should never wash a leather apron, or any other leather product. The leather only gets more beautiful the more you wear or use it.

- You can simply wipe your apron with a clean (lukewarm) damp cloth.
- You can remove stains by softly rubbing the leather of your apron against each other.
- Do not use chemical or alcohol-based cleaning agents on your apron.
- Leather discolours in the sun. If your apron does get wet, don't dry it in direct sunlight or near a heater.
- Never wash your apron in the washing machine, and certainly do not use an iron on it.
- Never submerge your apron in water.
